DIPLOMATIC EXCHANGES

Franco-Russian Proposal Closely Follows Our Answer to Germany's Proposition.

Propositions of a Far-Reaching Character Are Presented in Rapid Succession.

London, Oct. 5.—Lord Salisbury has replied to Germany's last note in terms of approval.

Washington, Oct. 5.—Propositions of a far-reaching character concerning China are being presented in rapid succession to this government. The state department had no sooner disposed of one of these propositions by delivering a response to the German government, than it was confronted by an even more important proposition submitted by the French government, and within half an hour formally seconded by the Russian government.

The answer to Germany covered the subject of punishing Chinese offenders and made known that the United States had instructed Minister Conger along the lines suggested by Germany. These instructions look towards securing the names of the persons deserving chastisement, and whether the punishments accord with the gravity of the crimes committed, and finally, in what manner the United States and the other powers are to be satisfied that satisfactory punishment is inflicted.

The Franco-Russian proposal takes a much broader scope and submits a programme under which the negotiations for a complete settlement can be carried forward. It is under four heads, namely:

First, Punishment of the guilty parties. Second, Interdiction of the shipment of arms into China. Third, Payment of indemnity to the powers. Fourth, Sufficient guarantees for the future.

In addition, a suggestion is made for the establishment of a permanent legation guard at Peking; for the raising of Taku forts, and for the maintenance of a line of communications between Peking and the sea.

The impression here, in advance of action on these propositions by our government, is that they contain nothing essentially unfitting them to be subjects of consideration in a final settlement. The difficulty which is likely to arise lies in the placing of proper limitations upon the scope of each head. Still as already suggested, each is undoubtedly a most proper subject for discussion when the final negotiations are reached.

As to the interdiction of arms, the state department already has intimated that there may be a question as to its wisdom, and there is reason to believe, also, that Germany will not view that particular feature with approval. But there appears to be good reason to expect that a middle ground will be reached by confining the interdiction of arms to a specified period, possibly to be fixed by the time required by China within which to pay the indemnity.

What the United States government particularly desires to avoid is entering into a programme that leans in any manner toward the maintenance of a foothold on Chinese soil, and if the other proposition relative to the maintenance of a line of free and safe communication between Peking and the sea and to the legation guards, can be met

ified in the direction of temporary expedients, they will be more likely to receive the support of our government. It is apparent from the complexity of the latest Franco-Russian proposal that the phase of negotiations thus initiated will take some time to dispose of.

The American reply to the German note was delivered yesterday by Secretary Hay to Baron Speck von Sternberg, the German charge d'affaires. It declares among other things that with a view to forming a judgment on these points, the United States minister in Peking has been instructed to report whether the edict completely names the persons deserving chastisement; whether punishment proposed accords with the gravity of the crimes committed, and in what manner the United States and the other powers are to be assured that satisfactory punishment is inflicted.

COMPLAINT IS MADE

Foreigners in China Do Not Like the "Yielding Mood."

London, Oct. 5.—The London papers are virtually engrossed by the parliamentary general election. They have little to say about the new German note. The Daily News, which describes it as "clear, straightforward and manly," expresses a hope that all the European powers, and also the United States, will agree with Emperor William's latest proposal. British correspondents in China continue to complain of the "weak attitude" displayed by Great Britain and the United States, as well as the other powers, in withdrawing from Peking and in displaying generally a yielding mood.

A dispatch from Tientsin, dated Oct. 2, says: General Gaselee claims that the British from the gunboat Plover were the first to receive the surrender of the Shan Hai Kwan forts. A correspondent at Taku asserts that the persecution of Christians has been revived in the province of Shantung.

Shanghai dispatches announce the dismissal of two Tartar generals who have been defeated by Russians in Manchuria. The head office of the Chinese commissariat has been removed from Chin Kiang Fu, on the Yang Tse Kiang, to Hankow, and the viceroys have been ordered to establish branch offices between Hankow and the province of Shen Si. It is reported from Chinese sources that the imperial court has already been removed to Si Ngan Fu. It is said that the representatives of China are about to issue a collective manifesto to the powers expressing their horror at the crimes of Prince Tuan.

Getting Out of China.

Washington, Oct. 5.—In accordance with instructions received from the war department, Gen. MacArthur, commanding the troops in the Philippines, has made arrangements for the prompt transportation from Taku to Manila of the United States forces at Tien Tsin and Peking, not included in the "legation guard" to be maintained at Peking under the personal command of Gen. Chaffee. Nearly 4,000 troops are to be withdrawn immediately from Chinese territory and transferred to the Philippines. Dispatches from Peking state that the withdrawal began on Wednesday.

Opposed to Revenge.

Peking, Sept. 30, via Tien Tsin, Sept. 29, via Shanghai, Oct. 5.—Most of the allied generals are opposed to the campaign of revenge which it is supposed the Germans have in view.

DAILY SCORES ONE

Point Involved in Treasurership of Democratic Clubs.

Indianapolis, Oct. 5.—The convention of the National Association of Democratic clubs re-elected W. R. Hearst as president of the organization. Max F. Ihmsen was re-elected secretary, and Marcus Daly of Montana was elected treasurer to succeed William H. Clark, his bitter political enemy, the millionaire mine owner, who was recently excluded from the United States Senate. The ovation to W. J. Bryan and Adlai E. Stevenson yesterday afternoon was the striking feature of the convention. Gov. McMillan of Tennessee was the permanent chairman of the convention, being elected to that position in the absence of Mr. Hearst, whose inability to be present was remarked on all sides.

A Frigid Missile.

Chicago, Oct. 5.—Senator Marcus A. Hanna was the target for a 10-pound chunk of ice last night at the thirty-first ward Republican meeting, Sixty-fifth and Halsted streets. The missile was dropped through an aperture in the tent directly over the speaker's stand. It did not miss Hanna's head over two inches, and had it struck him would have knocked him down and probably fractured his skull. The police could get no trace of the person who threw it. They said it was probably the work of some mischievous boy, who had secured the ice from a neighboring saloon. Senator Hanna left the tent escorted and protected by a double row of police.

Fatal Jealousy.

Dayton, O., Oct. 5.—Thomas McGraw was shot and killed last night by Walter Easton while leaving the latter's home. Both were inmates of the Soldiers' home. Easton suspected McGraw of infatuation with his wife.

Vacation Days Closing.

Canton, O., Oct. 5.—It is probable that the departure of President and Mrs. McKinley for Washington next Monday will end their summer vacation in Canton.

COOL HEADS RULE

Clash Between Armed Deputies and Miners Is Narrowly Averted.

UPRISING WAS IMMINENT

Prompt Action on the Part of the Miners' Cool-Headed Officials Prevents a Serious Clash.

All of the Philadelphia and Reading's Thirty-Nine Collieries Have Now Ceased Work.

Hazleton, Pa., Oct. 5.—An uprising of strikers in the Shamokin region seemed imminent for several hours yesterday, and there were forebodings of a serious clash between armed deputies and a large body of striking miners.

Prompt action of some of the cool-headed officials of the miners' organization finally succeeded in averting the threatened conflict. Some 3,000 excited strikers assembled at Mt. Carmel and headed by a band of music started to march to Treverton, 16 miles away, with the avowed purpose of forcing those at work at the North Franklin colliery to quit and join in the strike. The marchers were in an excited and wrathful frame of mind. When they had covered three miles of their march they were met by officials of their organization, who, after much persuasion induced the men to abandon their proposed trip. The strikers then turned back, though many did so reluctantly.

Meantime several hundred deputies had been rushed to Treverton on special trains, and a serious conflict could scarcely have been avoided had the excited strikers arrived at the scene and endeavored to carry out their threats against the workmen. Later it was announced that the officials of the North Franklin, to avoid trouble, would not operate the mine until the strike was settled.

Gen. Gohn, as a result of this new disturbing element, last night rescinded his order for Battery C of the National guard to return home today.

Affairs were quiet in all other sections of the anthracite field and the strikers scored important gains in the closing of additional collieries in the Schuylkill district. With a cessation of operations at the North Franklin, all of the Philadelphia & Reading company's 39 collieries will now have ceased work.

NO CALL IN SIGHT

Date of Probable Miners' Convention Not Yet Fixed.

Hazleton, Pa., Oct. 5.—No notice has been taken by the striking miners of the 10 per cent. increase offered by several of the larger companies. The United Mine Workers officials are still trying to close the few mines in operation. President Mitchell says he has no information as to the movements of the mine owners other than that in the papers. He remarked that the call for an anthracite miners' convention is not yet in sight. When the convention is called, however, Seranton will probably be chosen for it. Applications by striking miners for relief are beginning to be received by local unions in several sections of the anthracite field.

The United Mine Workers are making extra efforts to get the men who are still working in the Panther creek valley to strike and join the union. More organizers have been sent into the valley with the hope of swinging the 1,500 men still working there into line.

President Fahey of the Ninth United Mine Workers district has sent word from Panther creek valley to leaders at Shamokin to abandon the attempt to close the mine if force is necessary.

President Mitchell says that the strikers of the Lackawanna valley will make an effort to outdo the Wilkes-Barre demonstration at Scranton next Wednesday. It is the intention to have a big parade of miners from the entire Lackawanna valley. A mass meeting will follow at which President Mitchell and other mine workers' officials will speak.

Coal Shipments Practically Cease.

Reading, Pa., Oct. 5.—Coal shipments to tidewater have practically ceased over the Philadelphia & Reading railway. Yesterday about 20 cars passed down the road, while the average before the strike was about 400 cars daily.

Affairs in Galveston.

Galveston, Tex., Oct. 5.—The school board has secured money enough to repair four school buildings with 44 rooms, affording accommodations for 88 classes by holding two sessions daily. Appeals have been sent out to all the large cities for funds. The four schools will open on Monday, Oct. 22. One thousand men are now working on the streets. Fourteen bodies were found yesterday.

The Man With a Hoe.

Albany, Ky., Oct. 5.—The man with a hoe figured in a murder at Lick branch, Cumberland county. Woodford McCluskey and Dave Brown were working on the road together when they fell out. McCluskey used his hoe over Brown's head. Brown was killed.

SILVER JUBILEE

Poor Clare Nuns Celebrate Quarter Century of Institution.

Evansville, Ind., Oct. 5.—The silver jubilee of the order of Franciscan Poor Clare Nuns, founded in this country at the request of Bishop Chatard, was celebrated in this city yesterday. Bishop Chatard preached the jubilee sermon.

The occasion was made memorable in the taking of first vows by young women from different parts of the country, two from St. Louis, one from Boston, and one from Omaha. Their family names are withheld under the rules of the order, and they will be known in future by the names they have assumed as sisters of the order. The period of their novitiate is two years. One sister received the full vows of the order, having served her novitiate.

Besides the local clergy, there were in attendance the Rev. P. Boniface Bragantini of the Minor Friars of New York, and the Rev. Father Marianne of Franklin, Ind., who celebrated high mass, assisted by the local and visiting clergy.

May Bring Civil Action.

Delphi, Ind., Oct. 5.—It is said that citizens living in the eastern part of the county have been consulting Delphi attorneys with a view of bringing suit against the Logansport & Burlington Turnpike company. The suit is to be based on the forfeiture of the company's franchise, by permitting the road to get in bad condition and by neglecting to replace the broken creek bridge. The citizens hoped to have the county commissioners bring the suit, but were disappointed when told that it would have to be done by an individual taxpayer.

Business Man's Disappearance.

Rocky, Ind., Oct. 5.—Wyatt Ridgeway, a business man and proprietor of a grocery and meat market, left his place a few days ago in charge of his clerk, telling him he was going to the country to buy cattle. He took with him about \$500 in cash. He rode away on a bicycle, in his shirt sleeves. The last seen of him was at noon of the same day, five miles south of this city. Since then no trace of him can be found.

Evansville Deceases.

Worthington, Ind., Oct. 5.—The Evansville diocese, diocese of Indiana, has just closed a two days' communication in this city. Besides the Rt. Rev. Joseph M. Francis, bishop of Indiana, clergymen were present from Terre Haute, Evansville, Canby and other points.

Methodist Missionary Meeting.

Champaign, Ill., Oct. 5.—The 13th annual convention of the Women's Home-Missionary society of the Methodist church of Illinois has just adjourned here after a 3-days' profitable session. The meeting was held in the First Methodist church, nearly 100 delegates being present, representing societies throughout the state.

Wisconsin Floods.

Wausau, Wis., Oct. 5.—The Wisconsin river is raging as the result of heavy rains and has exceeded the flood mark of last spring. The damage so far will reach thousands of dollars and a little greater rise, which is expected, will result in immense loss.

Both Legs Crushed.

Salem, Ill., Oct. 5.—In a wreck on the Chicago and Eastern Illinois, Roy Hanes, son of Bon Hanes, a prominent farmer residing south of this city, had both legs broken and so severely crushed that it is thought amputation will be necessary.

A FIGHT IN COURT

Democratic Candidates Insult the Dignity of Madison County Bar.

THE JUDGE IS INDIGNANT

Candidates For Congress and For State Senate Descend to Believing Personalities.

Legal Rivalry Leads to an Unrestrained Outpouring of Individual Feeling.

Anderson, Ind., Oct. 5.—Judge J. F. McClure of the Madison court imposed a fine of \$5 each on D. S. McKee of Connersville, candidate for congress on the Democratic ticket in the Sixth district, and W. A. Kittinger of this city, candidate for state senator, as a result of hot words which the attorney used toward each other in the Heaton trial. The case had been bitterly fought all the way. Attorney Kittinger was pressing the cross-examination of Joseph Alpaw, who was wounded by Banker Heaton of Knightstown, and defended by the Connersville attorney. The latter made a caustic remark about the Anderson's lawyer's method of proceeding when Kittinger called McKee cross-eyed. McKee retorted by calling Kittinger a "bald head." The dignity of the court could stand no more and the fine was assessed.

AN AMBITIOUS TRUSTEE

He Wanted to Show Them How, but Was Called Down.

Rochester, Ind., Oct. 5.—W. V. S. Norris, trustee of Liberty township, Fulton county, has employed himself as a teacher in one of the district schools. A few days before the opening of the school, it is alleged, Mr. Norris circulated a petition asking that he, as the trustee, appoint himself as teacher. Then he contracted with himself at a remunerative salary. After he had taught for a few days the county superintendent notified him that inasmuch as he had no license to teach his employment was illegal, and that he would be liable on his bond if he paid out any money to himself as a teacher. During the time Mr. Norris has been trustee he has given his township two high schools, and his object in invading the teacher's realm was to give them an object lesson in correct work.

School Funds Squabble.

Elkhart, Ind., Oct. 5.—The school city of Elkhart has brought suit to recover \$5,000 in school funds, the amount being, it is said, one of the items involved in the shortage of W. W. Holdenman, who was removed from the county treasurer's office. Holdenman, his bookkeepers, the county auditor and commissioners, and the Elkhart National bank are made parties to the suit. The school board claims it did not receive the money and does not know whether Holdenman converted it to his own use, paid it to the bank, or left it in the county treasury.

To Train Raw Hands.

Marion, Ind., Oct. 5.—The American Window Glass company (the trust) is starting a school of instruction for window glass cutters, in connection with one of its Pittsburg plants. It is sending young men from the Indiana gas belt to Pittsburg to be taught the cutters' trade, and they will then be admitted to membership in L. A. 300.

Stricken on the Stump.

Worthington, Ind., Oct. 5.—Pink East, an influential citizen of Greene county, and a strong Bryan follower, while making a speech in the Lincoln schoolhouse, near here, was stricken with heart failure, falling to the floor; unconscious. He regained consciousness after an attack lasting 24 hours and is now convalescent.

Boy Died of Lockjaw.

Indianapolis, Oct. 5.—H. Parke Reese, the 8-year-old son of Guido Reese, is dead of lockjaw. Some time ago the boy scratched one of his toes and a few days later his leg began to swell. Lockjaw developed and death relieved him of great pain.

Married Fifty Years.

The Workingman's Side.

Washington, Oct. 5.—The workman's side in the question of trade arbitration was presented by the industrial commission yesterday by A. N. Hammett of Pittsburg, one of the officers of the Windowglass Cutters' union, which is perhaps the most strongly organized union in the country and at the same time maintains the closest and most friendly relations with the manufacturers. The union is rich, having at times as much as \$200,000 in its treasury. Mr. Hammett cited one case when a certain manufacturer, being in financial difficulties, borrowed \$50,000 at 4 per cent from the workmen and started up his factory.

Land Office Business.

Washington, Oct. 5.—The report of the commissioner of the general land office, just made public, shows a large increase in the current work of the office for the past year, due, the commissioner says, to the general stimulus given to all industries in the country for a year past.

INDIANA FIGURES

Some Comparisons From Statistics That Point to Prosperity.

"Figures won't lie, and they sometimes present some cold facts that are most interesting," said Deputy State Statistician James W. Egnow. "I have been making some comparisons as to conditions in 1896 and 1898, the first being the last year of a Democratic administration, and the last the second year of McKinley's administration. I find from the statistics that in 1896 there were 3,078 inmates of poor-houses in the state of Indiana, while in 1898 there were only 1,789. The county jails of the state were not nearly so crowded in 1898 as in 1896, for I find 25,727 people incarcerated during the former year, while 30,730 were imprisoned in 1896. Again, in 1896, there were 79,057 mortgages filed, and in 1898, 23,349. Mortgages were released in 1896 to the number of 32,820, but in 1898 43,449 are recorded as released. Now, as to the transfers of real estate: In 1896 there were 77,440, while the year 1898 shows up with 80,713. The consideration shown in the transfers in 1896 was \$73,808,259, while in 1898 it amounted to \$83,892,231. The consideration in the mortgages in 1896 was \$46,610,671, and in 1898 only \$19,328,145, showing that the people did not need so much money. Another evidence of prosperity is the amount of the mortgage indebtedness released. The records show that in 1898 this amounted to \$29,838,524, and in 1896 it amounted to only \$21,101,849. Prosperity is also noted in public affairs," said Mr. Egnow, "for I find that in 1896 there were \$470,574 worth of bonds redeemed by all the counties of the state. In 1898 bonds were redeemed to the amount of \$1,325,779. These figures are the very best evidence of a better condition of affairs, and any one who says prosperity has not come simply doesn't want to believe it. You know there are some people in this world who will not believe an established fact."

Who Has the Show.

A little boy asked the other day what was the difference between the Democratic party and Buffalo Bill. The interrogated replying that he did not know, the little boy said: "Buffalo Bill has a show," and there was a laugh.

SLAVERY IN THE PHILIPPINES.

Gov. Roosevelt has given the best answer yet made to the question of Sulu slavery raised by the Bryanites. The governor states: "Mr. Towne has appealed to the people against keeping the Philippines on the ground that they have, under the Sultan of Sulu, polygamy and slavery. Now how will it be stopped if we go away? If we withdraw our flag, that merely means that slavery and polygamy become perpetual there. To put a stop to slavery in this country we did not withdraw the flag from the slave states; on the contrary, we kept the flag there until slavery vanished. That is also the way to handle the question in the Philippines. We should stay there and keep the flag there, and slavery and polygamy will ultimately disappear. Take the flag away and you render these evils, and a host of others like them, permanent in the island. You cannot do everything at once, but it will be done in time if only we stay in the Philippines."

Now will our democratic orators and editors point out how slavery and polygamy is to be abolished in the Philippines if the flag of freedom is hauled down and brought back to America.

STAND BY THE FLAG BY STANDING BY THE PARTY THAT IS STANDING BY THE FLAG.

AND William "Yaller" Hearst never came! He must have anticipated a killing frost.

SINCE the failure of the Hearst club combination at Indianapolis the Bryan syndicate will have less faith in the Taggart-Kern trust to carry Indiana than they had a week ago.

SENATOR TILLMAN, who read Bryan's platform at Kansas City, paid this sort of a compliment to the civil war pensioners in a speech in the senate:

"The pension department is a rat-hole into which millions of dollars are annually poured and wasted."

A TYPE-WRITER agent who lives over in Decatur county wrote a letter to the Columbus Herald for publication, leaving the impression that he resides in Seymour and has an intimate knowledge of the private business affairs of some of Seymour's substantial business men. He writes just like a man who is sore at somebody in Columbus and wants to advertise his grievance.

POLITICAL BREVITIES.

Senator Beveridge will speak at Columbus next Monday night.

The McKinley Club will meet in regular weekly session at the city building tonight. Speakers will be present to address the club.

Charles F. Remy, reporter of the supreme court, was given a great ovation at Columbus, his home, last night.

The Times says:

"The crowd in the city hall last night to greet Chas. F. Remy was a little the largest that has greeted any speaker here so far this campaign."

The prohibition party will hold a state rally at Indianapolis next Monday. Their candidate for president and vice president are advertised to speak.

The Bryan Club met last night and listened to speeches by Dr. White, A. N. Menden and others. Dr. White talked thirty minutes, and Menden said imperialism is a ready here. The audience applauded, adjourned, turned out the lights and went home and dreamed about emperors, kings, crowns and scepters.

Ex-Congressman James Campbell, of Illinois, has declared for McKinley. He has just returned from the Philippines and declares that Bryan and his friends are responsible for the continuance of the insurrection. In 1896 he was one of the few democratic congressmen elected in Illinois, and was re-elected in 1898. During the Spanish war he resigned from congress and raised the Ninth Illinois Infantry and saw service in Cuba. Afterward he was appointed lieutenant-colonel of the Thirtieth United States Volunteers, now in the Philippines, and is at home on a furlough.

DIED.

WESNER.—James T. Wesner, brother of B. A. Wesner, and uncle of F. W. Wesner, of this city, died at his home at Bono, Lawrence county, at five o'clock this morning. His brother received a message last night announcing his illness and left for Bono on the early train this morning. The deceased was about 60 years of age and was an influential citizen.

REPUBLICANS PROPOSE TO KEEP THE MILLS OPEN

FIRST---By Maintaining the Gold Standard.
SECOND---By Maintaining Broadest Markets.

Ask opponents how they propose to keep the mills going with free silver and their policy of abandoning our island possessions.

APPEAL FOR VOTES

The Strongest Is That Which Compares '96 With Now.

"I don't know of any stronger appeal that can be made for Republican votes than a recital of the last four years as compared with the previous four years. Boiled down the issues are McKinleyism and Bryanism. Boiled down it is free silver and free trade on one side and prosperity and development on the other. Out west the argument of imperialism is played out. Mr. Bryan won't talk of free silver in the Empire state unless you force him to, and I want you to force him to. Now, my friends, this is a business proposition. It is whether or not the people of this country are going to undermine the very basis of our prosperity. It is a business proposition in which every man who conducts the commerce of our country and every man who works with his hands is interested. Everything depends on confidence in the future. The success and development of the country depend upon the confidence of men who have capital. We have established ourselves so, now, that this country is producing from a quarter to a third more than our consumption. Let us shake confidence and our industries will slow down like they were previous to four years ago. The men who work in the industries will have to take chances with those who manage them. I say this is a business proposition, and now in casting your vote next November, the responsibility is in your hands to say which you will have continued prosperity or go back to the empty dinner pail." Extract from speech by Senator Hanna.

MONEY STANDARD

Attitudes of Parties Defined With the Utmost Clearness.

The money standard is an issue between the two parties, defined with the utmost clearness. The Republican party stands by declaration and action squarely on the gold standard. The Democratic party stands, by repeated specific declaration, for the free coinage of silver at 16 to 1. We have been operating for more than 20 years on the gold standard. A change would mean a violent readjustment, a shock to business that would cause very much more widespread distress than the closing of certain mills by trusts, bad and distressing though the results of the closing policy are. And would there be a change in case of Bryan's election? Unquestionably there would. The maintenance of the party with gold of the great silver circulation we are carrying in our currency still rests with the secretary of the treasury. Rob our millions of silver dollar coins of half their purchasing power and there would be a smash. Let the Democratic party carry the elections of 1900 and 1902 and it would be in a position to repeal the gold standard law and throw all our government obligations, including most of our paper money, on a silver basis. Here would be another smash.

American Loans Abroad.

The following facts are substantiation of the only correct prophecy Mr. Bryan ever made. He once said we were going to quit borrowing money in Europe. He was not wholly correct, for he thought it was to be accomplished with the making of cheap money. Experience develops that he could have gone farther, for now we are loaning money. Here are some of the big loans made this year:

Feb. 28, Russian trans-Siberian loan, \$30,000,000.
March 9, British consul loans, \$10,000,000.
March 16, loan to Bank of France, \$15,000,000.
June 3, Mexican refunding loan, \$115,000,000.
Aug. 4, British exchequer loan, \$28,000,000.
Sept. 14, German loan, \$20,000,000. Total, \$218,000,000.

Main Spring of the Insurrection.

General Funston writes from the Philippines that he has secured a fresh batch of documents from Aguinaldo urging the Tagals to hold out until Bryan is elected. Bryan and his platform are the mainspring of what remains of the insurrection.

Campaign Story.

A Democrat asked a friend how he was going to vote this year. "Why," answered the friend, "for Bryan, of course. Why, they told me four years ago that if I voted for Bryan we would have good times for four years, and haven't we had it?"

CONTRAST IN BRYAN ARGUMENTS

The workingman wants no sophistries, no abstruse arguments. What he does understand is his daily bread and the daily bread for his wife and little ones. Give him a chance to earn it."—Bryan in 1896.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st. Philadelphia, Pa., when she found that Dr. King's New Discovery for consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding my praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1.00. Trial bottles free at W. F. Peter's drug store; every bottle guaranteed.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation." It is for sale by C. W. Milhous.

MRS. E. WEATHERS, Agent, 124 S. Bill St., Seymour, Ind.

Bryan In Excelsis.

Mr. Bryan declares himself opposed to what he is pleased to term "government by injunction," to wit, the making of decrees of courts effective. We do not suppose he is opposed to courts themselves, though he does want to "pack" the supreme court of the United States for partisan purposes. He is simply opposed to investing them with authority to make their decisions more than academic opinions. Mr. Bryan was in favor of the war with Spain in 1898. He was so strongly and aggressively in favor of it that he entered the military service of the nation in order to take personal part in prosecuting the war. Yet now, after the war, he is opposed to acceptance of the natural and inevitable results of that war.

Mr. Bryan was in favor of ratification of the treaty of peace with Spain. He personally spoke and worked for such ratification. Indeed, according to some authorities, it was he who secured the ratification. Yet now he declares that the paramount issue of the campaign is opposition to the effects of that treaty. Before the ink is fairly dry on the treaty he favored he would repudiate its plainest provisions.

There is a familiar saying about a man who was "for a law, but agin' its enforcement." That seems to be Mr. Bryan's position exactly. He is for the courts, but against their efficacy; for the war, but against its results; for the treaty, but against its effects. It will be a fitting fate for him to find that the people of the United States were for his nomination, but unalterably and overwhelmingly against his election.

HER "SUSPICION CURE."

It Made Life One Lingering Honeymoon For Mrs. Jones' Adviser.

"I would be quite happy if my husband would not spend so much of his time at his club," said Mrs. Jones, with a sigh.

"Why don't you try the suspicion cure?" said her intimate friend.

"What is the name of Susan B. Anthony is the suspicion cure?" asked Mrs. Jones in amazement.

"Well, my husband got in the habit of spending his evenings at his club, and I worried over it for some time before I hit upon a plan to keep him at home. At first I pleaded with him, telling him how lonely I was at home when he was away, but he would only laugh and promise to be home early, which meant midnight or later. Then I changed my tactics. Instead of asking him to remain at home I urged him to go to his club. The way he raised his eyebrows the first time I suggested it showed me I was on the right track, and I resolved to keep it up. One night when he came home for dinner he announced that he had a severe headache and would remain home for the evening. I opposed the idea and pointed out that an evening at his club would cause him to forget his headache and do it good. He gave me a hard look, but acted on the suggestion and left for his club. Something told me that he would be back within an hour, so I made an elaborate toilet and waited for him to return. He came home, as I expected, with the plea that his head was worse and that he couldn't stand the noise at the club. I condescended with him and ignored his question concerning my elaborate toilet. He hasn't been away for an evening since. It is almost like the old honeymoon, only he appears to have something on his mind that he is not entirely satisfied about."—London Answers.

Kern Failed to Show Up.

Today was the day for John W. Kern, democratic candidate for governor to be at Brownstown. He was not there but sent a substitute in the person of James E. McCollough. He advised with Billy Humes about it yesterday morning and Billy excused him for the Brownstown democrats but advised that the change of program better be kept quiet.

Not only was Kern absent but the crowd was also absent. Only one delegation came in and that was from Vallonia. That consisted of two wagons, three buggies and one man on horseback. After dinner the band played and McCollough was introduced to what was the slimmest crowd the democrats ever turned out there to hear a visiting speaker. We suppose McCollough told them as he did here that imperialism began in 1861, when Lincoln was inaugurated president; the year that patriotic men marched to the south to defend the Union and liberate a race of slaves.

It is said that Mr. Kern will not fill his appointment here tonight, but a substitute in the person of Leon O. Baily, of Indianapolis, will be on hand. A full sheet poster advertised the coming of Kern.

Physicians' Meeting.

The Jackson County Medical Society met in regular monthly session in the parlors of the Hotel Jonas Thursday, October 4th. Members present: Drs. Shields, Galbraith, Hill, Graessle, Jenkins and Shipman.

The society was called to order by the president, Dr. Shields. The minutes were read and adopted.

A paper was then read by Dr. Graessle on the treatment of Stricture by Electrolysis. The Doctor handled his subject well giving his experience in quite a number of cases treated by this method, showing great superiority over former lines of treatment. The paper after discussion was referred to the state society.

A patient of Dr. Green's, from Chestnut Ridge, suffering from some obscure nervous disorder was before the society for examination.

Dr. J. M. Jenkins, of Cortland, made application for membership and was admitted. The society then adjourned to meet again on the first Thursday in November.
